*Babies crawl before they walk, and sign before they talk! With Baby Signing Time, babies can express their needs and wants using simple signs long before they can speak. This opens up the door to communication between parent and child at an earlier age and results in an enormous bonding experience.*

*Our weekly classes include 45 minutes of clever songs and playful activities. Classes include parent participation. Classes correspond with Baby Signing Time DVD's and flash cards which will also be available for purchase so that you can continue your signing progress at home.*
